CHAPTER 1

FORMS AND DOCUMENTS

SECTION 1

INTRODUCTION

010101. CONTENTS OF CHAPTER

This chapter provides information on the various forms and documents required to complete and process an applicant's enlistment/affiliation package in the Navy or Navy Reserve.

(1) Forms. All forms are good for 90 days from date of applicant's signature unless otherwise indicated. Forms and documents necessary for the processing of Navy applicants for Active and Reserve Components enlistment and affiliation can be located on the NAVCRUITCOM directives/forms web page. Recruiters must utilize the application found in WebRtools, CIRIMS or the forms and documents posted on the NAVCRUITCOM directive/forms web page to build an enlistment kit and process applicants. The WebRtools kit is the only authorized kit to be used for processing Navy applicants. Use of locally generated forms is prohibited. The location of reserve bonus forms and message can be found in Volume IV.

(2) Documents and Forms. When documents or forms are handwritten, they must be legible. When they are typed, they must be as close to letter perfect as they can be, due to the contractual nature of the package. Reproduced documents must be legible.

(3) Handwritten Initials. Unless otherwise indicated, all applicants' initials are to be handwritten, not printed. An initial must be present for each name, plus the suffix if applicable.

(4) Full Signature. Unless otherwise indicated, the applicant's signature will be in full (first name, middle name, last name) format. Printed signatures are not authorized. Signatures must be handwritten (cursive) in black or blue ink.

(5) Witness Signatures. All certification or witness signatures must be completed at the same time and place as the applicant's signature in the same manner as above.

Note: Capability currently exists for some enlistment forms to be signed electronically or digitally. PERS-313 however will not accept documents for submission into the Official Military Personnel File (OMPF) that have not been signed in black or blue ink by recruiting personnel and applicants. Eventually, recruiting personnel and applicants will have the ability to sign all accession documents digitally. As soon as PERS-313 can receive those documents electronically, this method will become the preferred means of conducting business transactions. At that time, IAW DODI 1304.02, the Common Access Card (CAC) and biometric signature will be the only authorized method of digital signature for all new accessions.

(6) Corrections. No whiteout or correction tape is authorized on any form used to process an applicant for enlistment or affiliation. For further guidance on proper correction procedures review the governing instruction for that form or document.

010102. RESPONSIBILITIES

Quality check for Pre-enlistment/Affiliation and Post Affiliation Paperwork for Navy/ Navy Reserve gains:

(1) NAVCRUITDIST COs. Waiver approval/disapproval documentation on DD Form 1966, Section VI, Remarks, must be granted in writing and contain specific guidance concerning scope, procedures, and criteria that are consistent with this instruction and acceptable to the CO.

(2) Enlisted Processing Division Supervisor (EPDS). Ultimately responsible for the QA and maintenance of all AC/RC residual records. The EPDS will account for the quality check (QC) of all records on a monthly basis. Verifies AC DEP-Out shipper residuals are QC'd within one working day. Verifies by last day of month, that residuals for RC gains contain a drill muster verification report and completed unit orders (NAVRES 1326/4) issued by the NOSC. Initials and dates residuals, assuring discrepancies and corrective actions have been addressed. With the classifier the EPDS will verify program eligibility to ensure applicants meet all moral and medical requirements for program guaranteed.

(3) Navy Liaison Office/Enlisted Classifier. Pre-enlistment/Pre-classifications. Prior to the Future Sailor being approved as ready for classification, the Navy Liaison office must verify BEERs documents against PRIDE MOD. Incorrect data must be corrected before approving for classification. Before completing a job sale, the enlisted classifier must verify data in PRIDE MOD against BEERs documents and MEPS physical. Incorrect data must be corrected before completing job sale.

(4) LPO/LCPO/Recruiter. Pre-enlistment/affiliation applications - Prior to the applicant enlisting or affiliating, initial and date and include a list of discrepancies and corrective actions on the backside of the residual/quality assurance checklist envelope.

NOTE: PRIDE MOD interfaces with other Navy Corporate IT Systems which create Pay and Personnel transactions for all new accessions. It is CRITICAL that all data entered into WebRtools and PRIDE MOD is accurate from the very beginning. Incorrect birth dates, misspelled names, etc. can result in new Recruits not being able to have an ID Card issued, or their pay not being started. Additionally, extensive rework is required to correct the mistakes. The DD Form 1966 Page 1 contains vital data that is used to create the Enlisted Master File. Mistakes on these forms will result in extensive rework on behalf of the recruiter.

(5) LPO/LCPO. Post- enlistment/affiliation - Must recheck the kit for accuracy, again initialing and dating to include a list of discrepancies and corrective actions. This should be done within 3 working days to ensure timely submission of applicant

paperwork to the appropriate channels/Navy Operational Support Center (NOSC). Training to deficiencies should take place during this process.

(6) Recruiter. The preliminary interview should reveal the applicant's desires toward assessment in the Navy or Navy Reserve; their age, dependency, date and character of last discharge, education, military service obligation, and other such information as may be required to determine eligibility. This information will be used or required to complete all the enlistment documents. During the initial interview, the recruiter will:

(a) Have the applicant sign the Privacy Act and Restrictions of Personal Conduct in the Armed Forces (USMEPCOM 601-23-4-E).

(b) Answer questions the applicant may have.

(c) Inform them of Navy benefits and Selected Reserve (SELRES) options.

(d) Provide any other information, as appropriate.

If the applicant appears eligible for a commission, refer the applicant to an officer recruiter.

(e) Fill out the Voter Registration Information (DD Form 2645)/Voter Registration Application. Instructions for completing these forms can be found in article 010211 of this Volume.

010103. VERIFICATION AND REPRODUCTION OF ORIGINAL DOCUMENTS

a. When verifying an applicant's eligibility for enlistment, the CO-designated personnel must sight and sign reproduced copies of all original supporting documents and shall enter the appropriate information in Section VI, Remarks, DD Form 1966.Examples:

"I have personally sighted (Applicant's Name) original Social Security Card issued by the Social Security Administration. I certify the reproduced document is a true copy of the original and is provided for military records and reference purposes only."

(Name, Rank, Title)

"I have personally sighted (Applicant's Name) original birth certificate issued by (Name of Official Agency). I certify the reproduced document is a true copy of the original and is provided for military records and reference purposes only."

(Name, Rank, Title)

"I have personally sighted (Applicant's Name) original high school diploma/transcripts issued by (Name of School). I certify the reproduced document is a true copy of the original and is provided for military records and references purposes only."

(Name, Rank, Title)

b. When original documents are obtained for applicants who originally processed with a Social Security Administration (SSA) printout or "Will grad" letter, a 1966/4 entry must be generated by the CO-designated personnel.

c. Original documents required to be sighted and reproduced for entry into the member's service record must be performed per the NAVCRUITDIST CO's policy for copy certification. The entry will be entered in Section VI of the DD Form 1966/4.

Note: Documents relating to dependents such as marriage certificates, dependents social security cards, etc. must be sighted.

010104. U. S. NAVY ENLISTED SERVICE RECORD (NAVCRUIT 1070/3)

EPDS or classifier prepares the enlisted service record on, or before, the date of enlistment. Stamp or print on the front: Navy Veteran (NAVET), Other Veteran (OSVET), or Special Recruit Company (e.g., St. Louis Cardinals Company, Chicago White Sox Company, USS ABRAHAM LINCOLN Company, Seabee Master Chiefs' Special Company), if applicable. Only list the Future Sailor's last name and last four digits of the social security numbers on the service record folder.

Note: The DEP service record becomes the enlisted service record when the Future Sailor enlists USN or starts inactive duty training or active for training as USNR. Record packets breakdown can be located on CNRC directive page, listed under checklists – USMEPCOM Service Liaison Accession Verification Packet Breakdown Checklist - Navy. This checklist is a guide and may be destroyed after accession (shipping). Copy numbers are indicated as follows:

(1) To the Delayed Entry Program (DEP) service record/enlisted service record. Insert enlistment documents in the DEP service record, as indicated, at the time of enlistment in DEP (if applicable) or in the enlisted service record at the time of enlistment USN (including NAVET/OSVET enlistees) or start of active duty for training as USNR.

(2) **Residual File.** In accordance with USMEPCOM Service Liaison Accession Verification Packet Breakdown Checklist – Navy; correspondence and related papers, including; BEERs documents, copies of reports of medical examinations, waivers, enlistment agreements, and other data shall be retained in the residual/check off list envelope for the appropriate program and kept at the NAVCRUITDIST or the MEPS. This review must be conducted within one working day of the time the enlistee begins active duty. The EPDS is ultimately responsible for ensuring the review is conducted. The EPDS must be notified immediately of any noted discrepancies and initiate

appropriate action to alleviate any negative impact the discrepancy may have on the enlistee at RTC/Naval Training Center (NTC).

(3) **Official Military Personnel File.** In accordance with USMEPCOM Service Liaison Accession Verification Packet Breakdown Checklist - Navy sub-packet #1, correspondence and related papers, including BEERs documents, copies of reports of medical examinations, waivers, enlistment agreements, and other data shall be mailed to Navy Personnel Command (PER-313). The Navy liaisons will provide the correct number of copies and sequence of forms to MEPS personnel, and the EPDS must ensure that a packet quality check is performed by the Navy Liaison prior to packet mail out. This requirement will be conducted in accordance with USMEPCOM 601-23.

(4) **Prior Service Affiliation (Reserve Component) Residual Files.** The prior service residual file consists of a copy of all forms and documents listed in Article 010107 and on the residual envelope/check off list for the appropriate program. Additional forms or documents may be needed as required.

(a) A separate file will be maintained on all rejected applicants, and those who terminated processing.

(b) Navy Recruiting Districts (NRDs) shall maintain residuals on all applicants.

(c) Residual files will be maintained on a fiscal year basis, broken down by month, and arranged alphabetically, using the applicant's processing envelope. These files will be held for a minimum of two years from enlistment/affiliation and then destroyed, per SECNAV M-5210.1.

(d) Residual files for rejected applicants, or applicants who have terminated further processing, will be maintained for a minimum of five years, per the SECNAV M-5210.1.

(e) Residual files may be kept as paper copies, or stored electronically (DOD Certified Data Center, or encrypted on removable storage media). The paper copy of the residual may be destroyed after being transferred to an electronic storage device.

Note: In the event that a recruiter receives attainment credit for someone gained outside of their office (i.e., cross country recruiting) it is still their responsibility to ensure they have a complete and correct residual on file. Also, if the recruiter re-gains an applicant who they still have a previous residual file on, a complete and correct up to date residual file will be maintained.

(5) **Quality Checking, or Pre-Enlistment/Affiliation and Post-Affiliation Paperwork.** At a minimum, all enlistment/affiliation applications will be checked by the recruiter, LPO/LCPO, and NRD Quality Assurance Supervisor / Reserve Coordinator, prior to the applicant enlisting or affiliating. After enlistment or affiliation, the LPO/LCPO will once again check the kit for accuracy. This should be done within three working days to ensure timely submission of applicant paperwork to the appropriate Navy Operational Support Center (NOSC). The NRD Recruiting Operations Officer (R-OPS) will check all residual files by the last day of the month following the gain. Quality

checking (a complete review [block by block] of each document, to include program eligibility, approval notes, all waiver possibilities, and rating requirements) of all residuals will be documented by the reviewer initialing and dating the enlisted residual envelope, including discrepancies and corrective actions. Noted discrepancies must be corrected within 30 days. Corrected copies will be placed into the residual file, with the original documents being provided to the appropriate NOSC for placement into the applicant's service record.

Note: NRD R-OPS may delegate the quality checking of residual files, excluding the NRD Quality Assurance Supervisor and Reserve Coordinator (if part of the approval process).

010105. DISTRIBUTION OF ENLISTMENT DOCUMENTS and RESIDUAL MAINTENANCE

a. A residual file is any correspondence and related papers, but not limited to investigations, reports of medical examination, birth certificates, waivers, police record checks, DEP Action Requests (DAR), enlistment documents and other enlistment data or papers.

(1) Residual files for qualified applicants are kept at the NAVCRUITDIST or the MEPS for a minimum of **two years** from the date of the accession (shipping)/affiliation and then destroyed per SECNAV M-5210.1.

(2) Residual files for rejected applicants will be maintained for a minimum of five years per the SECNAV M-5210.1.

(3) Do not send residual files to the Federal Records Center.

(4) Correspondence with individuals requesting general information regarding enlistment in the AC/RC is filed alphabetically by last name and retained as a residual for a minimum of two years.

b. The MEPS is responsible for the breakdown and distribution of all enlistment documents received by the MEPS/Navy Liaison Office (NLO). MEPS will break down enlistment documents into packets and distributes them to the appropriate activities/individuals as prescribed by U. S. Military Enlistment Processing Command (MEPCOM) Regulation 601-23. Enlistment documents to be forwarded to MEPS must be placed loose (i.e., must not be fastened) into the enlisted service record to assist MEPS in breakdown and distribution.

010106. DISPOSITION OF ENLISTED SERVICE RECORD AND MEDICAL DOCUMENTS

a. Refer to USMEPCOM SERVICE LIAISON ACCESSION VERIFICATION PACKET – NAVY checklist for the proper packet breakdown for Future Sailors attending RTC and NAVET/OSVET enlistees (prior service applicants) going to TPU Great Lakes. For Future Sailors attending RTC and NAVET/OSVET enlistees, Packet 2 documents will be placed in an enlisted service record (NAVCRUIT 1070/3) reflecting enlistee's last name and last four of his/her SSN. The last name and last four requirements pertain to the service record jacket only. Full SSN remains a requirement for documents that will become part of the Official Military Personnel File (OMPF).

b. For DEP-discharged personnel (including component changes), prepare DEP Discharge Page 13 with assigned discharge code, and return to Military Entrance Processing Stations (MEPS) for removal of DEP data from the MEPCOM MIRS database, along with all original UMEPCOM Forms 680-3A-E Series and original Medical forms (DD Form 2808, DD Form 2807-1 & DD Form 2807-2)

(4) By the MEPS Medical Officer to notify the NAVCRUITDIST MLPO that additional disclosed medical information has or has not affected medical qualifications for enlistment.

(5) By the MEPS Commander to report allegations of recruiter malpractice disclosed during the pre-enlistment interview.

(6) By the recruiter if the applicant is PS not going Active duty.

the form, “On this date, (date), I received a copy of the form to keep.” Have the applicant date and sign.

(2) When additional information is disclosed during the pre-enlistment interview, the interviewer fills out an original and one copy of MEPCOM Form 601-23. The original accompanies the applicant back to the NAVCRUITDIST MLPO. The MEPS pre-enlistment interviewer keeps the copy as a suspense item until the original copy is returned.

(3) After considering the reported additional information, the MLPO must “X” the appropriate block in the “Recruiting Service Consideration of Additional Disclosed Information” Section, complete the Name, Rank, SSN, Signature, and Date blocks at the bottom of the form, and return the MEPCOM Form 601-23 to the MEPS pre-enlistment interviewer.

(4) The MLPO must reproduce a copy of the MEPCOM Form 601-23 and forward it to the NAVCRUITDIST to include in the applicant’s residual file.

(5) When an applicant is disqualified because of disclosed information, but receives a waiver, the MLPO marks the “additional information required, waiver now included in the enlistment packet, continue processing of applicant for enlistment” block and initials and dates the form immediately after the word “enlistment” in that block. A handwritten statement is required in Section VI, Remarks of DD Form 1966/4 explaining the nature of the additional disclosure.

c. **Requirement.** Individuals who have disclosed additional information may be enlisted without the consent of the NAVCRUITDIST, i.e., a completed MEPCOM Form 601-23.

d. **Allegations of Recruiter Malpractice.** When the MEPCOM Form 601-23 is used to report allegations of recruiter malpractice, the MEPS Commanding Officer must forward MEPCOM Form 601-23 to NAVCRUITCOM (00IG), via the MEPCOM chain of command. Additionally, the MEPS Commanding Officer telephonically notifies the NAVCRUITDIST Commanding Officer of the allegation reported.

a. **Use of Form.** DD Form 4 (dtd Oct 2007) documents enlistment and reenlistment in the Armed Forces. Upon execution, DD Form 4 is an official legal agreement between the U. S. Government and enlisted member. The language used in DD Form 4 specifies in clear English, the terms of the enlistment, to avoid future recruit and/or parent misunderstandings.

b. **Preparation.** Although MEPS personnel complete DD Form 4 vice representative who accepts an applicant for enlistment must verify typed entries for corrections before

signing the completed form and explain all applicable parts of the document to the applicant; therefore, instructions for completion are provided to ensure quality control. DD Form 1966 is the source document for preparing DD Form 4.

(1) MEPS prepare the DD Form 4, when used for initial enlistment, by typewriter or automatic writing machine equipment. All capital letters are required and spacing must be used for all entries requiring the individual's name. Punctuation is not used in individual's name.

Other entries must be typed exactly as shown on the example. All signatures must use reproducible black or blue-black ink.

(2) DD Form 4 is the basic document establishing a legal relationship between the United States Government and the enlisted member; therefore, MEPS must take special care to complete all items correctly without typewriter strikeover. Erasures or corrections in *Items* 5 (date of enlistment/ reenlistment) and 8 (service, period of enlistment, and paygrade) and sections E, G, and H are not authorized and require the form to be regenerated. The applicant and sponsoring service representative must initial any changes or corrections in other items.

(3) Errors discovered after the member's enlistment must be corrected under MILPERSMAN Article 1070-210 by the appropriate Naval Administrative Command/Personnel Support Activity with delegated authority to correct and report errors on new enlistment documents directly to the Chief of Naval Personnel.

(4) Before signing the completed form, the MEPS Liaison Petty Officer will verify typed entries for corrections and explain all applicable parts of the document to the applicant.

b. Army National Guard and Air National Guard. Mail to the Adjutant General of the state in which the National Guard unit is located.

c. Coast Guard Reserve. There are several Integrated Support Commands (ISC), throughout the United States, that maintain the Service Records for Coast Guard members in the IRR. The DD Form 368 needs to be sent to the specific ISC that maintains the member's service record. The address of the ISC that the DD Form 368 is forwarded to can be obtained from:

- (1) The member in the IRR.
- (2) The local Coast Guard recruiter.
- (3) The Maintenance and Logistic Command (MLC) at (757) 628-4507.

(c) Upon return of the DD Form 368, verify clearance recommendation for enlistment. If clearance is not granted, inform the applicant and stop processing. Upon enlistment, the recruiter will sign and date as the Certifying Official.

010206. POLICE RECORD CHECK (DD FORM 369)

a. **Use of Form.** One very important source of information concerning an applicant is any record of offenses held by local, county, or state officials. This information provides a more complete background profile and facilitates evaluation of an applicant's potential using the "whole person" concept. This information will also facilitate a preliminary decision on eligibility for a security clearance before the National Agency Check initiated at the MEPS/NLO or the recruiting office if the applicant is prior service and applying for a Reserve program. This pre-enlistment processing also precludes recruiting applicants whose previous involvement with civilian authorities indicates an

inability to maintain a satisfactory pattern of conduct. To maximize cooperation with civil law enforcement agencies on police record check requests, recruiters should obtain the written consent of the applicant for police checks, specifically authorizing the Navy access to juvenile and police records.

b. Preparation

(1) During the pre-enlistment processing interview, the recruiter must obtain written authorization from each applicant for Navy access to juvenile and police records. The applicant must sign the statement of consent in Section II of DD Form 369, a copy of which is retained permanently in the applicant's residual file. The recruiter prepares an original and one copy of DD Form 369, stamps or types the appropriate NAVCRUITDIST Enlisted Processing Division (EDP) address on the reverse of the form, and attaches an envelope addressed to the NAVCRUITDIST EPD.

(a) If the applicant's background poses serious questions as to the fitness for service or participation in special programs.

(b) If the applicant self admits to a juvenile or adult arrest, citation, or convictions(s) that requires a waiver for enlistment or program eligibility.

(c) If the applicant appears to be trying to enlist fraudulently.

(d) All Tier 2 and Tier 3 applicants and those classified into the Nuclear Power Program require PRCs sent.

(e) CHRI need not be requested in the case of applicants being processed by the Naval Reserve Forces who are presently serving on an enlistment contract.

(2) Send DD Form 369 to the city, town, county, state, and juvenile authorities where any waiverable offense occurred and to where the applicant resided for the last three years.

(3) For applicants who do not meet the above conditions, include the following entry in Section VI, Remarks of DD Form 1966:

“DD FORM 369 not sent to law enforcement agencies.”

(4) When DD Form 369 are returned to the EPDS, review them for the required action.

(a) Compare those with charges or CHRI to the disclosures made by the applicant and process those with pending or undisclosed charges or CHRI under existing procedures.

(b) Notify the waiver petty officer and the recruiter if the status of the applicant changes (such as, to enlistment eligible, or eligible with required waivers).

(5) After sending DD Form 369 to civil authorities, recruiters may enlist applicants provided they are eligible in all respects. **Applicants requiring COMNAVCRUITCOM Full Kit waiver must have all PRCs returned prior to submission.** Include the following entry, stating that the applicant was enlisted without waiting for PRC response, in Section VI, Remarks of DD Form 1966:

“DD Form 369 mailed (Date) to the following agency/agencies: (List Agency/Agencies) Applicant shipped (Date) without waiting for response.”

In such cases, the following actions are required:

(a) Proceed with processing for applicant's shipment.

(b) DD Form 369 is returned to the NAVCRUITDIST from the police jurisdiction, place it in the applicant's kit and discard the previously retained copy.

(6) If DD Form 369 is returned to the NAVCRUITDIST and **does** indicate involvement that was not reflected on DD Form 1966, the EPDS must send a copy of this adverse DD Form 369 to the **Commanding Officer of Recruit Training Command (ATTN: Legal Officer)**. Mark the copy of DD Form 369 and the transmittal letter **“For Official Use Only”** (FOUO) and specify that this information is to be used under applicable DoD/Navy policy regarding handling of adverse CHRI. Retain the original adverse DD Form 369 and a copy of the transmittal letter in the applicant's residual file.

(7) Do not request police record checks of jurisdictions that require fingerprints in order to process the check. In such cases include the following in Section VI, Remarks of DD Form 1966:

“DD Form 369 not sent to the following law enforcement agencies due to fingerprint requirement.” (List Agency/Agencies)

(8) The NAVCRUITDIST must formally establish adequate follow-up procedures during enlistment processing to ensure that DD Form 369 are initiated, proper DD Form 1966 and NAVCRUIT 1133/100 entries made, and the results reviewed and acted upon when required. The classifier must make and sign an entry in Section VI, Remarks of DD Form 1966 when he/she determines that pre-enlistment police record checks are not required.

(9) The EPDS is responsible for the mailing, tracking, and filing of PRC's; however, this does not preclude recruiters from hand delivering and receiving DD Form 369s to and from law enforcement agencies in the case of direct or near term shippers. In such cases, the recruiter must ensure that the results of the PRC's are brought to the

attention of the EPDS and that the completed DD Form 369s are placed in the applicant's kit. Applicants and non-recruiting personnel are prohibited from hand carrying or running PRC's, DD Form 369.

(10) If complete investigation reports for applicants listing out of town residences cannot be procured directly from the civil authorities concerned, request assistance from the Navy recruiting activity located in or near that city.

(11) All recruiting activities that originate out of town PRC's, are authorized to use law enforcement telecopy/teletype facilities where access is feasible and permitted in place of DD Form 369. The hard copy of the request and response message is acceptable for verification of completion of the record check.

010207. REQUEST FOR REFERENCE (DD FORM 370)

a. **Use of Form.** This form is used to obtain additional information about an applicant to use in determining the applicant's suitability for enlistment for Active duty or determining an applicant's suitability for accession for the Navy Reserve. DD Form 370 is used as a reference for enlistment waivers requiring COMNAVCRUITCOM approval.

DD FORM 370 may not be given to the applicant to complete under any conditions. The recruiter or appropriate recruiting personnel are solely responsible for this document. DD Form 370 may either be given directly to the recruiter or recruiting personnel or mailed directly to the institution with a return envelope to recruiting personnel enclosed.

b. References

(1) **Employer.** Employer references are required for all applicants for whom an enlistment waiver pre-enlistment kit is submitted to COMNAVCRUITCOM for enlistment approval. The commanding officer may request employer references by either DD Form 370 or by using the telephonic procedures. The CO determines which procedure to use.

(2) **Personal.** Personal references are only utilized for COMNAVCRUITCOM waivers. School officials and church pastors are examples of personal references. References from relatives will not be accepted.

(3) **Preparation.** Prepare references in original only. Photocopies of references may be included in pre-enlistment kits forwarded to COMNAVCRUITCOM.

(4) **Filing.** Keep all references in the applicant's residual file.

c. **Confidentiality.** Recruiters must understand that the information provided on DD Form 370 by the reference source is strictly confidential information that is used to make a subjective judgment as to the applicant's desirability. Because of its confidential nature, at no time may recruiters divulge either the source of or the nature of the information provided on DD Form 370 to the applicant or to any others even if specifically requested. Any divulging of information on DD Form 370 subjects the individual making the disclosure personally and criminally liable (i.e., subject to fine and/or imprisonment). This is especially important in cases where the applicant has been rejected.

d. **Requesting Employer References.** When required, submit employer references as follows:

(1) **Prior Service (PS).** When required, employer references shall be requested from each employer listed on the SF 86 the applicant has worked for the last three years. If the number of employers is greater than three during this period, only the most recent three employer references may be requested. To assist in making an enlistment eligibility determination for PS processing for DPEP, the following will be included in the REMARKS section:

(a) “Is the applicant a full-time employee? Yes or No (Circle one). If no, how many hours per week does he/she work for you? _____

(b) “Has the applicant had supervisory experience? Yes or No (Circle one) . If YES, how many years of experience? _____ How many people supervised? _____

(c) “Please indicate your telephone number for use if additional information is needed concerning the applicant.” _____

e. **Request School References.** A school reference is required when the applicant has no employment during the three years preceding application for enlistment. A school reference, however, is not required if the applicant has never been employed, is an HSDG and has not attended school for more than three years since graduation from high school.

Privacy Act Sensitive. Criminal history information received under Title 10 U. S. C. 520a and references obtained from employers/school officials are confidential, and a person who has had access to any information received shall not disclose such information except to facilitate military recruiting.

f. Instructions for Completing DD FORM 370

(1) **To Block.** This is the address of the Recruiting Office.

(2) **Applicant Identification Data.** Self-explanatory.

(3) **Recruiting Officer Identification Data.** Self-explanatory.

(4) **Blocks 10 through 19.** Self-explanatory. To facilitate contact with reference, should additional information concerning the applicant be needed, write the following in the Remarks block of DD Form 370:

"Please use this remarks section. Specifically address the circumstances of any known illegal involvement with drugs or with police, to include rehabilitation efforts, if applicable. Your comments are useful and will be kept in strictest confidence. Please indicate your telephone number for use if additional information is needed concerning the applicant."

Note: All DD 370s shall have the signer's area code and telephone number annotated. If an applicant had at any time been under the supervision of a probation or parole office, a reference from this individual is mandatory.

010208. REQUEST FOR VERIFICATION OF BIRTH (DD FORM 372)**a. Use of Form**

(1) Under Department of Defense (DoD) policy, the military services must verify documentary proof of U. S. citizenship before granting security clearances. This requirement is considered satisfied when an enlisted member has submitted documentary proof of citizenship during the enlistment process and his/her service record contains a *Record of Military Processing – Armed Forces of the United States* (DD Form 1966) with a verification recorded in *Item 30*.

(2) The same documentation required to prove U. S. citizenship for U. S. passport applicants is acceptable for clearance purposes. Since the Office of Personnel Management (OPM) is no longer required to check the Bureau of Vital Statistics for native-born U. S. citizen verification in connection with security clearance investigations, total reliance has been placed on recruiting personnel to provide the necessary verification. Refer to Volume II, Chapter 2, Section 1. Birth verification documents are distributed to the DEP Service Record/Enlisted Service Record and Residual File as per Section 1 of this chapter.

(3) The DD Form 372 may not be used for verification of birth of dependents. DEERS will not accept a DD Form 372 to enroll family dependents.

b. Verification Procedures

(1) When a Certificate of Citizenship, Certificate of Naturalization, immigration papers and/or passports are used to verify name, age and/or citizenship under *Item 30*, use of a DD Form 372 is not required. Place a certified copy of pertinent document in the DEP Record/Enlisted Service Record and a copy in the residual file.

(2) Primary evidence for birth documentation includes: vital statistics issued original birth certificate, certified copy of the original report of birth, certificate of birth registration, a notice of birth verification, certificate in the form of a transcript or abstract from the birth record, computer produced birth verification card; or, hospital issued birth certificate. To be acceptable, each document must contain all the essential elements specified in VOL II, Ch2, Sec 2. Do not accept documents bearing erasures or alterations.

(3) If one of the foregoing documents cannot be produced, DD Form 372 can be used to obtain one of the foregoing documents by completing the form under the instructions contained on the form and forwarding it to one of the following agencies:

(a) State Bureau of Vital Statistics or State Health Department,

(b) County Department of Public Health, County Clerk's Office, or County Registrar's Office,

(c) City Department of Public Health, City Clerk's Office, or County Registrar's Office.

(4) For persons born in the Canal Zone, the Panamanian Birth Certificate must be verified with the Panama Canal Commission using a specially modified DD Form 372. Applicants will not be enlisted until the Panama Canal Commission returns DD Form 372 indicating that either the applicant's natural mother or father was a U. S. citizen at the time of the applicant's birth.

(a) Address this DD Form 372 to:

1. Vital Statistics Unit
2. Administrative Services Division
3. Panama Canal Commission
4. APO Miami 34011

(b) Complete Section I.

(c) Type the following information in Section II:

1. Citizenship of child (Section I, 1) at the time of birth.
2. Citizenship of child's father at time of child's birth.
3. Citizenship of child's mother at time of child's birth.

Note: Applicants born in the Canal Zone and in some cases, New Cristobal (Colon, Republic of Panama), are U. S. citizens **only** if either the natural mother or father was a U. S. citizen at the time of the applicant's birth. Applicants who claim U. S. citizenship who were born in the Republic of Panama of U. S. citizen parent(s) must have citizenship verified in the same manner as any other applicant born abroad of U. S. citizen parent(s). Applicants unable to produce the above or other documentation of immigrant alien status or U. S. citizenship by naturalization **may not** enlist.

(5) For persons born overseas of American parents who do not have a copy of Report of Birth Abroad of a citizen of the United States (Form FS-240), birth certificates/birth verification can be obtained with DD Form 372. A standard Privacy Act information release statement must be signed and dated by the applicant and included with DD Form 372. Enter as much data on DD Form 372 as known, e.g.,

(a) Place of birth (city, country).

(b) Full names of both parents.

(c) Dates and places of parents' birth.

(d) Branch of service parent(s) served in (if applicable).

(e) Passport numbers (if known).

Include a self-addressed return envelope. Average processing time is two-four weeks.
Mail to:

Office of Technology Development
Passport Services
U. S. Department of State
1111 Nineteenth Street, NW, Suite 510
Washington, DC 20522-1705

Note: If the parents did not register the overseas birth with a U. S. consular officer, a record of the birth will not be available at the Department of State. In this event, the guidance in Volume II, Chapter 2, Section 2 must be followed.

(6) DD Form 372 is not to be used to obtain birth record information from hospitals or the USCIS.

(7) DD Form 372 may be used for DEP purposes only when an appropriate government Vital Statistics Agency has verified the required information. Enter this information in Section VI, Remarks of DD Form 1966. Shipping is prohibited until the birth certificate or other primary birth verification document is received.

(8) DD Form 372 may be used for DEP purposes without a file date in situations where the Vital Statistics Agency returns DD Form 372 without a file date, provided the applicant's state of birth is shown to be the same as the location of the Vital Statistics Agency.

Note: There are cases involving adoption and immigrant birth records, constructed years after the reported birth date, where the place of birth is different than the State, which has the birth record on file. Such cases must adhere to the file date criteria.

c. **Secondary Evidence.** If these agencies state that no birth record exists, a combination of secondary evidence may be used to verify the applicant's date and place of birth. Secondary evidence may be a baptismal certificate, a certificate of circumcision, a hospital record, separation documents of prior service personnel, affidavits of persons having personal knowledge of the facts of birth, primary school records, family bible entries, early census, newspaper files, or insurance papers. Forward these documents to Navy Recruiting Command (N35) to determine eligibility. Upon verification, N35 prepares a DD Form 372 and indicates in Section II how the verification was made in the "Verified by" block. DD Form 372 will then be faxed back to the originator.

d. DD Form 372 may be used to ship an individual only in cases where primary birth verification documents don't exist and secondary evidence must be relied upon. Shipping with a DD Form 372 is not authorized when primary documents exist regardless of any delay in obtaining the documentation.

010209. RECORD OF MILITARY PROCESSING – ARMED FORCES OF THE UNITED STATES (DD Form 1966)

The form is prepared with an accompanying *Personnel Security Investigation* (Standard Form 86).

Note : Applicants with education codes “5” or “F” shall be projected in PRIDE MOD as such for statistical reporting purposes only. Education code “5” will automatically convert to code “B” and education code “F” will automatically convert to code “L” at time of DEP-in for all accession reports and on DD Form 1966/1.

(m) **Item 13. Proficient in Foreign Language.** If the applicant is proficient in a foreign language (up to two languages), enter foreign language code the applicant is able to read, write, or speak (refer to the language chart provided later in this section).

(n) **Item 14. Valid Driver’s License.** If the applicant holds a valid driver’s license, identify the state that issued the license, license number, and expiration date. If the applicant does not have a valid driver’s license, enter “X” in Block “No”.

(o) **Item 15. Place of Birth.** Enter city, state, and country of the applicant’s birth.

(3) **Section II - Examination and Entrance Data Processing Codes**

(a) **Item 16. Aptitude Test Results.** Navy Processing personnel enter these at the time the applicant enlists USN Delayed Entry Program (DEP) or USNR Delayed Entry in Training (DET).

(b) **Item 17. DEP Enlistment Data.** MLPO or other NAVCRUITDIST support personnel complete these at the time the applicant enlists USN DEP or USNR DET.

1. **Item 17a.** Enter DEP/DET date of enlistment in eight digits (YYYYMMDD). Including National Call to Service (NCS), Full Time Support (FTS) and New Accession Training (NAT).

2. **Item 17b.** Enter projected active duty date in eight digits (YYYYMMDD) which is the date the applicant will go on active duty (ship to RTC) **for all programs including NCS, FTS and NAT.**

3. **Item 17c.** Enter the one digit code “3”.

4. **Item 17d.** Construct the Recruiter ID as follows:

a. **1st digit:** Enter zero (0) in all cases.

b. 2nd digit: Enter appropriate Navy Recruiting Region Number (1 or 2).

c. 3rd and 4th digits: Enter District Code as shown in instructions for completing *Item 19*, Blocks 4 and 5.

d. 5th - 9th digits: Enter five zeros (00000) in all cases.

Example: NAVCRUITDIST Dallas = 023100000

5. Item 17e. Construct Station Identification as follows:

a. 1st and 2nd digits: Enter district two digit code.

b. 3rd, 4th and 5th digits: Enter appropriate Navy Recruiting Station (NAVCRUITSTA) number.

6. Item 17f (also 18m). Enter the five-digit code that identifies the program in which enlistment is being made. All Navy enlisted accessions must have a five-digit code reported. The first digit indicates the type of enlistment. The four remaining digits indicate both the enlisted program and any particular guarantees authorized by the program.

Example: John Smith is enlisting DEP for MM Class “A” School in the School Guarantee Program (SGP).

The 5-digit code for 17f would be USN DEP enlistment..... 1st digit = C

4-digit code for 4YO SGP is..... 2nd – 5th digits = 4**9

** Means to replace the two asterisks with the code for the Class “A” School being guaranteed. The code for MM Class “A” School is “MM”. So ** is replaced by “MM”.

5-digit code entered in 17f is ... C4MM9

Provided this recruit does not change to another program, or to another Class “A” School guarantee while in DEP, the code entered in *Item 18M* when he/she returns out of DEP would be A4MM9. Note that the only digit that changed is the first. Changing the code “C” to “A” changes the category of enlistment from USN DEP for SGP (MM Class “A” School) to USN RETURNING DEP for SGP (MM Class “A” School). Program changes or even specific guarantee changes within the same program can easily be recognized by comparing the code in 17f (when DEPped) to the code in 18k (when returning out of DEP and enlisting USN).

1st digit Category

Code

Upon enlistment as USN DEP.....C
 Upon enlistment USNR with delayed active dutyD
 Upon enlistment USN and upon commencement of
 active duty as USNRA

The code “A” in the first digit can never be correctly reported in 17f because *Item 17* is only completed at the time of enlistment in a delayed active duty program and code “A” is used in Block 18M at the time of USN enlistment or start of active duty as USN. In addition, the code “C” or “D” in the first digit can never be correctly reported in Block 18M because *Item 20* is completed upon enlistment USN or start of active duty and codes “C” and “D” are used at the time of enlistment in a delayed active duty program. **2nd, 3rd, 4th and 5th digits:** Enter the four digit code for the program in which enlisting, or for USN DEP - the program scheduled to enlist in. All programs are listed in alphabetical order. Enter the appropriate code listed under Navy Veteran (NAVET) or Other Veteran (OSVET) for prior service personnel who have enough prior service to be classified as a NAVET or OSVET, rather than the code listed by a program.

Example: The correct program code for an OSVET enlisting in the Advanced Electronics Computer Field (AECF) Program would be ASGFC. The correct code for a non-prior service USN enlistment in the AEF Program would be AA999. Similar procedures would be used for NAVETs and OSVETs enlisting in Nuclear Field (NF) or Advanced Technical Field (ATF) Programs.

7. **Item 17g.** Enter enlistee's rate (e.g., AR, AN, SR, SN, FN, etc.). **DO NOT enter program designator.** Enter only the rate qualified for at the time of enlistment in DEP.

8. Item 17h. DEP Enlistment Waiver Codes. Record waiver codes for waivers granted to applicants during DEP processing. Enter “YYY” if no waiver is required. (Refer to Waiver Code Table under Item 18f.)

9. Item 17i. Enter paygrade in three-character code. Enter “E” for Enlisted with second and third characters for paygrade level as follows:

E1 = E01	E4 = E04	E7 = E07
E2 = E02	E5 = E05	E8 = E08
E3 = E03	E6 = E06	E9 = E09

10. Item 17j. List the DD Form 4 annexes applicable to the member’s enlistment options (A, B, C, etc).

11. Item 17k (also 18d). Enter the member’s military service obligation (MSO). This will be “0800” for all non-prior service applicants. For prior service members, enter the member’s enlistment program service obligation or the member’s remaining MSO, whichever is greater.

Note: For Reserve Applicants: Refer to MILPERMAN ART 1160-030 for proper reenlistment bonus requirements or contact CNRFC Code N11.

12. Item 17l. Enter member’s enlistment service obligation for the program in which enlisting. For non-prior service USN applicants and FTS applicants enter 0400. For NAT accessions, enter 0026. PRIDE Mod will auto-fill for all non-prior service applicants for DEP enlistment. Information for all other applicants must be manually entered.

(c) Item 18. Accession Data. Navy processing personnel **will complete this section five working days prior to member commencing USN or USNR.** Navy processing personnel will submit the DD Form 1966/1 after completion to MEPS personnel for data entry and request a revised print out of the DD Form 1966/1.

1. Item 18a. Date of enlistment in YYYYMMDD format. For USNR Programs (NAT, NCS and FTS/TEP) this date should be the same as enlistment date entered in *Item 17a*.

2. Item 18b. Active Duty Service Date. Enter eight characters in YYYYMMDD format. For personnel with no prior active military service, enter the current ACDU enlistment date when enlisting USN or the date ACDU starts for applicants enlisting USNR (NAT, NCS and FTS/TEP). For NAVETs, OSVETs and applicants with prior service such as SAMs, National Guardsmen, and other service Reserve enlistments, the Active Duty Service Date is computed by subtracting from the current enlistment date all prior periods of active duty/Initial Active Duty for Training (IADT), plus adding, to that figure, periods of lost time. Periods of active duty for training are considered active military service. An example is an OSVET who enlisted

11 September 1987 and had three years prior service and no lost time. If he returns to active duty on 11 September 2007, the Active Duty Service Date for this applicant is 11 September 2004 (subtract three years from 11 September 2007). PRIDE Mod will auto-fill for all non-prior service applicants for DEP enlistment. Information for all other applicants must be manually entered.

3. Item 18c. Pay Entry Base Date (PEBD) in YYYYMMDD format. If enlistee has no prior military service, this date is the same day that the applicant starts active duty. If enlistee has prior military service, a **PS 2612 or NEC 9586** must compute the PEBD. It is absolutely imperative that this date be computed correctly to avoid both personnel and disbursing problems at the Transient Personnel Unit (TPU) and at the member's initial permanent duty station. In each and every case, the **DoD Financial Management Regulation Volume 7A, Chapter 1 Art. 0101** (DoD FMR,) must be consulted. This publication is available online at <http://www.dfas.mil/>. By clicking on the "Reference Library" icon, then the "Regulations Guides" icon, and finally the "DoD FMR" icon you can search, view and print the detailed instructions for computing a PEBD. To determine PEBD examine the *Certificate(s) of Release or Discharge from Active Duty* (DD Form 214 copy 4), and other documentation provided by Reserve or National Guard unit and then consult the DoD FMR keeping the following general rules for computation of a PEBD in mind:

a. Creditable service includes active or inactive service in any of the following active and respective reserve components: USN, USMC, USAF, USA, USCG, Air National Guard, and Army National Guard.

b. DEP time does not count for computation after 31 December 1984.

c. Remember to make sure Lost Time was made up by checking that the original Enlisted Active Obligated Service (EAOS) was adjusted for all periods of Lost Time.

d. Start computation from most recent period of service and work backwards.

e. Adjust PEBD forward for any periods of non-affiliated time.

Generic examples for computation of the PEBD for most of the NAVETs/OSVETs that return to active duty would be similar to the following scenarios:

Example 1: Member initially enlisted in DEP on 950815 incurring an eight year Military Service Obligation (MSO) and accessed to active duty on 950910. Member was released in inactive duty (USNR Individual Ready Reserve) on 990909 completing four years day-for-day active service. Member remains in the USNR IRR until 001003 and then re-enlists on active duty 001004 to transfer to TPU for further transfer to initial duty station. In this case the member's PEBD would remain 950910 and would not have to be adjusted. Because of the eight year MSO he was always affiliated with creditable service.

or

Example 2: Member initially enlisted in DEP on 900710 and accessed to active duty on 900804. Member was released to inactive duty (USNR IRR) on 940803 completing four years day-for-day active service. Member remains in the USNR IRR until completion of his eight year MSO on 980709. Member re-enlists on active duty 000915 to transfer to TPU for further transfer to initial permanent duty station. In this case the member's PEBD would have to be adjusted forward to 921010 to reflect the period of time that he was not affiliated with the military and thereby cannot be creditable for computation of a PEBD. The computation would look like this:

	<u>YR</u>	<u>MO</u>	<u>DAY</u>
Day Prior to Re-enlistment:	00	09	14
Last Day of Creditable Service:	(-) 98	07	09
Time in Non-Creditable Status:	02	02	06
Original PEBD:	90	08	04
Non-Creditable Time:	(+) 02	02	06
Adjusted PEBD:	92	10	10

Remember that each case must be evaluated on its own merits and all personnel holding the NEC (2612 or 9586) computing PEBDs must review the DoD FMR article for specific instructions regarding which periods of service are creditable and for how to compute PEBD.

4. Item 18d. Enter the same data used in item 17k.

5. Item 18e. Enter the years of obligation in which enlisting. For example: 04000000 for all active duty programs (to include full time support programs). Do not count extensions. For NAT enlistees enter 00060000. Enter 02000000 for PRISE III applicants and enter 03000000 thru 06000000 for all NAVET/OSVET applicants.

6. Item 18f. (Accession Waiver Codes) Record all waivers granted for the applicant (include all waivers listed in 17h plus any additional waivers granted in DEP. Enter a three-character waiver code(s) by selecting the appropriate code listed below.

Note: PRIDE and CIRIMS require a single specific law violation offense to be entered for traffic (100) and other non-traffic (200) offenses. For 100 and 200 series offenses only list the most severe law violation based on severity level of adjudication as indicated below. An adjudication indicator is not required for 100 and 200 series offenses.

(1) Severity level precedence is determined by the total sum of fees, fines, restitution and court cost paid as a result of adjudication, and the value assigned to the length of civil confinement and community service imposed.

(2) Monetary value assigned to civil confinement is equal to \$200 for each day served. For example, three days civil confinement has a monetary value of \$600. Monetary value of community service is \$10 for each hour of community service imposed. For example 40 hours of community service has a monetary value of \$400.

(3) Formula: $a+b+c=x$,

a=total sum of fees, fines, restitution and court cost

b=monetary value of civil confinement

c=monetary value of community service

x=severity level value for determining law violation precedence

Example: Applicant has two non-traffic offenses, which are littering and vagrancy. Applicant received a fine of \$350, \$150 in court costs and 20 hours of community service for the littering charge. Applicant received a fine of \$100, \$250 in restitution, \$75 in court costs, and served two days in jail. The severity level value for each charge is \$700 for the littering charge and \$825 for the vagrancy charge. In this case the vagrancy charge, offense code 242, would be entered into either PRIDE or CIRIMS, as applicable.

Note: Misconduct (300) and major misconduct (400) series offenses must include all offenses and an adjudication indicator for each offense, either guilty (g) or other adverse adjudication (a).

7. Item 18g. Enter paygrade in three-character code. Enter “E” for Enlisted with second and third characters for paygrade level as follows:

E1 = E01	E4 = E04	E7 = E07
E2 = E02	E5 = E05	E8 = E08
E3 = E03	E6 = E06	E9 = E09

Example: Individual enlists as MM3; enter E04.

8. Item 18h. Date of Grade. Enter Time in Rate (TIR) in YYYYMMDD format. To determine TIR, read carefully the instructions below and consult **Certificate of Release or Discharge from Active Duty** (DD Form 214), Block 12h (effective date of paygrade). If documentation is not available on DD Form 214, consider the date of enlistment (reentry) to be the effective date of paygrade; then proceed as follows:

a. TIR date for **NAVETs** who return to active duty in **paygrade** held on discharge or release from active duty.

b. Adjust TIR to credit NAVETs for any previous TIR accumulated while on active duty in the paygrade from which originally separated.

c. Compute TIR and adjust day for day, in the same manner as Active Duty Service Date (ADSD) as outlined below. Recomputed TIR applies to all advancement cycles **after** 1 October 1989.

Example:

Member advanced to E5 on:	16 Sep 86
TIR date of:	01 Jul 86
Member released from ACDU:	14 Oct 87
Member returned to ACDU:	17 Aug 89
Effective date of rate:	17 Aug 89

New Time in Rate Computed as:

	89	08	17:	Current entry to ACDU
Subtract	-87	10	15:	Day following release from ACDU
	01	10	02:	Total break in active service (1 yr, 10 mos, 2 days)
	01	10	02:	Total break in active service
Add	+86	07	01:	Previous ACDU TIR date
	88	05	03:	Computed entry date

New Computed TIR Date: 88 01 01

TIR date for NAVETs who return to active duty in a **lower paygrade** than held on release from active duty. NAVETs who reenlist or return to active duty in a lower paygrade than held on release from active Navy duty, or in a paygrade lower than held in drilling reserve status, whether return to active duty was in USN or USNR status, are assigned a TIR date under Chart A.

d. TIR date for OSVETs. OSVETs entering into active Navy service are assigned a TIR date under Chart A. The only exceptions to this policy are for OSVETs who have been granted a waiver (in writing) from COMNAVCRUITCOM (Code 32) to maintain their original TIR.

e. TIR date for members who return from Disability Retired Status.

(1) Within six months of release from Permanent Disability Retired List (PDRL) or Temporary Disability Retired List (TDRL) in the same paygrade held on date of retirement, members are assigned a new effective date by adding the amount of time not served on active duty to the effective date held when released from active duty. This moves the effective date forward. Assign TIR date based on member's new effective date and the schedule.

(2) For members who return to active duty after a period in excess of six months from the date on which member was notified of removal from Disability Retired Status, irrespective of the paygrade in which member was authorized reentry into active duty, assign a TIR date per the schedule.

(a) TIR date for members who are being discharged from the DEP or are reporting to active duty for the first time and have no prior Naval Service. Assign a TIR date per the schedule.

(b) TIR date for members reporting to active duty from a Naval Reserve drilling status. Assign a new active duty TIR per the schedule.

Chart A - TIR Dates

Paygrade	Accession Date	Assign TIR Date
E1	Any period	Date of Enlistment/Reenlistment
E2-E3 (Initial Active Duty)	1-16 of the month	1 st day of the month

(a) **Item 37.** This item is provided in case applicants desire that their military records reflect a name other than that shown on the birth certificate. If the name

desired in the military record is the same as the name on the birth certificate, enter "N/A" in *Item 37a*. The applicant's signature in *Item 37d(1)* must be witnessed by the recruiter in *Item 37e*. If it comes to the attention of MEPS that this has not been done, then the MLPO is authorized to witness this block.

(b) **Item 38. Name.** Enter Last Name, First Name, Middle Initial.

(c) **Item 39. Social Security Number.** Enter full SSN.

(9) **Section VIII - Parental Guardian Consent for Enlistment**

(a) **Item 40. Parent/Guardian Statements**

1. Parental consent is **only** required prior to initiating police record checks, completion of the SF 86, and before a physical examination is conducted at MEPS. Parental consent obtained for enlistment is recognized as proper consent for physical examination of 17-year-old Navy applicants.

2. Who can grant parental consent is often dependent upon a custody determination following divorce or other court action. A distinction must be drawn between "physical" custody, which describes where the minor actually resides, and "legal" custody, which describes the ability of a parent to make child-rearing decisions on behalf of the minor. For purposes of enlistment into the Navy, all persons with "legal" custody over the minor applicant must be contacted to give consent. Ordinarily, both parents will retain "legal" custody following a divorce. As a result, "physical" custody alone is not sufficient for single parent consent.

3. In all cases involving 17 year-old applicants, every effort must be made to obtain the consent of both parents. If one parent has deserted or disappeared, the custodial parent must complete, sign, and have notarized NAVCRUIT 1133/97, attesting to the particulars of the desertion or disappearance. A NAVCRUIT 1133/97 and the custodial parent's consent for enlistment satisfy the requirement for parental consent. Note that this form must be notarized by an individual authorized to notarize documents under state law; military notaries are **not** authorized to notarize NAVCRUIT 1133/97.

4. Members of the recruiting command must visually witness the signing of consent papers in all cases except as follows: Commanding Officers of activities may authorize a Notary Public or those local officials authorized to administer oaths and take depositions under state laws, to witness the signing when a substantial saving in funds and work hours would result because of long distances involved. This authorization in no way relieves the recruiter of the responsibility to visit the applicant's parents or legal guardian whenever feasible to discuss the aspects of the applicant's Navy career with them.

5. If the custodial parent resides outside the continental limits of the United States, send DD Form 1966 to the parent with the request that the consent section be

executed before a commissioned officer of the Armed Forces, or a Foreign Services Officer attached to a U. S. Embassy or a Consulate, who must be identified by rank, title, and organization. Place copies of all correspondence relative to signing of the consents in the applicant's service record. When DD Form 1966 must be sent to another activity for signature, ensure the forwarding letter contains all relevant information concerning the applicant's enlistment for the benefit and edification of the parent or legal guardian.

6. If parental/guardian consent is not required, (i.e., emancipation by legal court order/marriage), enter "N/A" in *Item 40a*; however, proper annotation must be made in Section VI, Remarks.

(b) **Item 41. Verification of Parental Consent.** If the name of the individual(s) signing the consent is other than that recorded on the applicant's birth certificate, make at least one of the following notations: (type or handwritten in the block include supporting documentation)

Refer to Volume II for sample entries.

Eligible voters (U.S. citizen and 18 years old by the date of federal election) who enter recruiting office are required to be provided with the opportunity to register to vote and/or change their voter registration information currently on file (change name, mailing address, political party, etc.). The NVRA of 1993 is located at <http://www.fvap.gov/reference/milinfo.html>.

b. **DD Form 2645.** Eligible voters must be asked to complete a DD Form 2645 (Voter Registration Information) upon entry into the recruitment office. “Yes” answers indicates the eligible voter’s desire to register to vote and/or update voter registration information on file. Regardless of the citizen’s response, completed DD Form 2645s must be forwarded to the district’s Voting Assistance Officer and retained for a minimum of two years. The DD Form 2645 is located <http://www.fvap.gov/reference/milinfo.html>.

c. **National Mail Voter Registration Form.** When eligible voters check “Yes” on the DD Form 2645, recruiting personnel shall then provide the National Mail Voter Registration Form (NVRF) and assist with completion, if desired by the eligible voter. Completed NVRF with original signature shall be mailed or hand carried by recruiting personnel to the appropriate state election official within 10 days of acceptance or within 5 days before the last day for registration to vote in an election. Copies of completed NVRFs shall not be made or retained by recruitment offices due to presence of personally identifiable information (PII). 010212. MEDICAL PRESCREEN OF MEDICAL HISTORY REPORT **(DD FORM 2807-2)**

b. Preparation

(1) Complete DD Form 2807-2 for initial enlistment or reenlistment (after a break in service), using reproducible black-blue ink.

(2) DD Form 2807-2 prepares applicants for medical examinations and avoids spending recruiting monies on applicants who are obviously unqualified. Take special care that all items are accurately and legibly completed.

(3) Applicants may not be shipped to the examining facility (MEPS) until the applicant has obtained required documentation, except when documentation is not available.

c. Procedures for Recruiting Personnel. Recruiting personnel must:

(1) Explain the purpose of prescreening to applicants. Temporary conditions, such as being overweight or underweight, are enough to defer processing until the condition is corrected.

(2) Discourage applicants from further processing who are obviously unqualified (e.g., disqualifying defects such as missing limbs or eyes, or blindness. If an applicant should insist on being processed, follow the procedures listed in Volume II.

(3) Advise the applicant of the provisions of the Privacy Act of 1974, as it pertains to the information requested and recorded on the form.

(4) Advise female applicants that medical processing at MEPS includes a pelvic/rectal examination. A medical examination may be scheduled during the applicant's menstrual period if the applicant wishes. If the applicant prefers not to have her examination during her menstrual period, this should be considered in the scheduling of the medical examination.

(5) Weigh the applicant without shoes and heavy outer garments.

Note: The exact height in inches (e.g., 65 ½ inches) and weight to the nearest pound.

Verify the maximum weight permitted, based on the applicant's height and age, from the appropriate weight table contained in Volume II. Applicants that do not meet enlistment weight or body fat standards will not be processed.

(6) Request that the applicant complete all blocks of *Item 2a*, DD Form 2807-2 by checking "yes," or "no," in the block opposite each question. The applicant must provide a short explanation for each "yes" answer in *Item 2b*.

(7) For any block marked "yes" in *Item 2a*, refer to the explanation of codes for additional requirements that may be necessary prior to scheduling for MEPS processing. After all blocks are completed, review the form with the applicant.

(8) Have applicant complete *Items 3, 4, 5, 6 and 7* with complete information required.

(9) Tactfully advise the applicant of disqualifying factors. Inform the applicant that correction of disqualifying medical problems must be at his/her expense. No cost will be borne by the Government. If without funds, encourage the applicant to contact the Public Health Service or other free local health clinics. Inform the applicant that correction of disqualifying conditions does not guarantee qualification or waiver approval.

(10) Do not make a final determination on the applicant's medical status; however, take the appropriate following action:

(a) Defer the applicant from further processing, if the applicant has one or more temporary disqualifying medical problems, until the problems are corrected.

(b) Defer the applicant from further processing if the applicant has one or more permanent disqualifying medical problems. Submit the prescreening medical form and applicant-provided medical documentation to the examining facility through MEPS Liaison Petty Officer for review by the medical officer.

(c) Do not expend Government monies for travel, meals, or lodging until the medical officer has authorized further processing.

(11) Parent or guardian consent is required for all applicants under the age of 18. Consent will be recorded in *Item 8*.

(12) The Recruiting Representative must complete *Item 9*.

(13) Forward the completed DD Form 2807-2, together with applicant's file, to the examining facility for qualified applicants and applicants authorized by the CMO for further processing as for "papers only" evaluation at least two working days prior to bringing the applicant for medical examination.

d. **Procedures for Medical Officer.** The examining medical officer must:

(1) Review DD Form 2807-2 and documentation submitted for evaluation and respond to the appropriate recruiting personnel, preferably within one working day of receipt.

(2) Recommend further processing immediately, or after a period of rehabilitation under medical supervision, or further processing is discontinued in order to avoid unnecessary government expense.

(3) Decide whether recruiting personnel could have determined the disqualification(s) if the individual is processed at MEPS and subsequently medically disqualified. If recruiting personnel, as laymen, could reasonably have been expected to determine medical disqualification, place a statement in the remarks section to indicate that the recruiter should have made the determination and deferred the applicant from further processing. Also, indicate the disqualifying condition(s) the recruiter should have recognized.

(4) At the close of each day, the MEPS Commander forwards a copy of the prescreening medical form to the NAVCRUITDIST CO, for each applicant medically disqualified at the MEPS whose disqualification, in the opinion of the medical staff, could have been determined by the recruiter.

e. **Guidelines for Handling Medical Information by Recruiters**

(1) **General.** The fact that an applicant has answered "yes" to one or more questions does not necessarily mean that he/she is disqualified for enlistment. Conducting a thorough medical prescreening before spending recruiting monies prepares the applicant for the medical examination by advising him/her of the medical documents that will be needed and to encourage those with temporary disqualifications to have the defect corrected before further processing. This must be done at the applicant's expense and does not guarantee qualification or waiver consideration. The information provided here is general in nature and is not designed to qualify anyone as a medical officer. Each recruiter is encouraged to contact the medical staff at the examining facility to obtain clarification. Refer to Vol II Sec 7 for a list of temporarily/permanent disqualifying defects.

(2) **Definition.** The term “relevant medical documentation” used here means one of the following:

(a) Records from the applicant’s physician if the applicant is currently under treatment or was treated within the past five years. These records should attest to the **current** status of the ailment and outline the treatment and prognosis.

(b) In the case of hospitalization, a copy of the hospital discharge summary.

(c) In the case of surgery, a copy of the surgical report, pathology report, and hospital discharge summary.

(d) In the case of psychiatric data, the psychiatrist, psychologist, or hospital should send records discussing the **current** and previous status and prognosis of the applicant directly to the local MEPS physician (addressed by name).

f. **Specific Guidance for “Yes” Answers.** Recruiting personnel should use the guidance under the Explanation of Codes on DD Form 2807-2.

Note: In addition to the above disqualifying defects, see VOL II Ch 2 Sec 7 for medical conditions that are not waivable by COMNAVCRUITCOM (00M).

010213. REPORT OF MEDICAL EXAMINATION (DD FORM 2808), REPORT OF MEDICAL HISTORY (DD FORM 2807-1), AND MEDICAL HISTORY PROVIDER INTERVIEW (USMEPCOM FORM 40-1-15-1-E)

010215. ENLISTEE FINANCIAL STATEMENT (NAVCRUIT 1130/13)

a. All applicants enlisting or affiliating with dependents shall complete an Enlistee Financial Statement.

b. NAVCRUITDIST COs are responsible for ensuring applicants with dependents are interviewed by a Leading Chief Petty Officer or person higher in the chain-of-command prior to enlistment/affiliation processing. The interviewer will:

(1) Determine if the applicant is handling present personal and financial affairs in a mature, competent, and responsible manner.

(2) Determine if the applicant can meet current and expected financial obligations within the first six-months of naval service.

(3) Counsel the applicant concerning potential problems that may be experienced at the onset of enlistment relating to financial matters and the assignment to possible dependent restricted tours.

(4) Determine if the applicant is married to another service member.

c. During the interview, the Enlistee Financial Statement must be reviewed with the applicant either face-to-face or telephonically. The interviewer and chain of command should become suspicious of entries that are missing or unrealistic. All questionable areas must be resolved.

d. Applicants will not be enlisted/affiliated if it appears they are unable to meet current and expected financial responsibilities within the first six-months of naval service.

e. Completing the Enlistee Financial Statement

(1) The Enlistee Financial Statement is for use by all applicants with dependents. Prior to preparation, the applicant shall sign the Privacy Act Statement on the Enlistee Financial Statement. The financial statement will be prepared in either the applicant's own legible handwriting or typewritten. The document will be kept in the residual file after completion.

(a) No special criteria for the amount of monthly expenditures to be entered for housing, food, utilities, etc. can be established due to the variation in circumstances present in each individual case; however, for the benefit of those who must determine whether a dependency waiver is to be granted, questionable or unrealistic entries must be fully explained. An example of a questionable entry would be \$100 per month for food when the applicant has three dependents. While use of food stamps could explain the low amount, this must be explained in detail and attached to the form.

(b) A **realistic breakdown of monthly expenditures** for most families would include additional categories that are not indicated on the financial statement (e.g., clothing, automobile expenses that are not included in car payments [gas, oil, tires, tune-ups, insurance, etc.], entertainment, miscellaneous). Entry of these expenses is especially applicable when an applicant's income is reported at \$500 or \$600 per month or more and monthly expenditures total \$300 or \$400 per month. The absence of these additional expenses is even more noticeable when little or no savings and/or checking account balances are indicated. In order for the total debt and total monthly payment data to have greater relevance for personnel reviewing the financial statement, each outstanding debt, and the monthly payment for each debt, must be indicated.

(c) Signature of spouse is mandatory, unless couple is legally separated, spouse resides outside the geographical area or refuses to sign. If this is the case, note the reason in item 16 of this form.

Note: Applicants in DEP over 90 days or who acquire dependents while in DEP are required to complete an updated Enlistee Financial Statement prior to shipping to RTC. Changes in dependency status must be reviewed, and if necessary, waived by the appropriate authority.

This review must be conducted within one working day of the time the enlistee begins active duty. The EPDS is ultimately responsible for ensuring the review is conducted. The EPDS signs for the residuals that he/she reviews for quality control. The EPDS must be notified immediately of any noted discrepancies and initiate appropriate action to alleviate any negative impact the discrepancy may have on the enlistee at RTC/Naval Training Center (NTC).

010223. FINGERPRINT CARD (FD FORM 258)

a. FD Form 258 is completed for all applicants processed at MEPS. USMEPCOM personnel are responsible for ensuring fingerprint information for each applicant is submitted to OPM.

b. For personnel who are not processed through MEPS, and whose fingerprints are not submitted via Livescan, shall be manually fingerprinted using the FD 258 or SF 87 fingerprint chart. The completed fingerprint chart will be attached to the SF 86, Agency Use Information form and signed release forms, and mailed to OPM. In order to keep overseas (Europe and Guam) fingerprints processing submissions separate from in-house (MEPS) submissions, USMEPCOM requests that all such submissions use the SON 603J and write e-QIP tracking number on the top of this form. In addition to overseas submissions, any fingerprint card submission completed outside the MEPS must use the SON 603J as well. This will ensure submissions done in the field are reported separately from submissions completed in the MEPS

c. For individuals not able to return to MEPS, the FD 258 or SF 87 fingerprint chart may be completed by any authorized agency and mailed to OPM. Fingerprint checks (ENAC/SAC) are only valid for 120 days.

Note: Fingerprints received more than 14 days after receipt of PSI requests will be rejected by OPM. Fingerprint cards with the e-QIP investigation request number on top of the fingerprint chart must be mailed as outlined below:

010225. RESUME WORKSHEET

Purpose. The purpose of the resume is to document civilian employment used in determining program eligibility and rate/pay grade. Used for Navy Reserve programs only.

Recommended sources in helping the applicant write the resume: Transition Assistance Program (TAP), COOL and Standard Job Description from the company the individual works for or has worked for (you need to ask the applicant if they can obtain this to help build the resume).

010226. QUESTIONNAIRE FOR NATIONAL SECURITY POSITIONS (SF 86) PSI submission procedures are outlined in the NASIS guide available on the Recruiting Quarterdeck website. Submit PSI requests with fingerprints (hardcopy or via Livescan) and an SF-86 via NASIS with signed release forms.

a. NASIS shall be used to electronically submit investigations for all accessions except in the case of prior service applicants and DEP personnel who have an expired investigation or those who have had a break in service greater than 24 months. For individuals who have a break in contractual military obligation, i.e., DEP discharge, end of active or reserve service obligation, including IRR time, the prior completed investigation becomes invalid after 24 months from the date previous investigation was closed. Applicants not contracted prior to this 24 month break require a new investigation to be submitted, regardless of the status indicated in JPAS/JCAVS. Recruits shall not ship to RTC or TPU prior to having a minimum of a NACLCLC PSI **opened or scheduled by OPM.** JPAS or NASIS can be used to verify a NACLCLC investigation has been opened or scheduled by OPM.

NOTE: All Nuclear Field and Warrior Challenge Program Future Sailors must have a favorably adjudicated background investigation in JPAS indicating eligibility for a Secret clearance prior to shipping to RTC.

b. NASIS and OPM have recorded SONs for the individual NAVCRUITDISTs and their respective areas. If there is a problem with the PSI, the primary method of contacting the NAVCRUITDIST for correction is via the contact information on file for the applicable SON. It is appropriate for each NAVCRUITDIST to have multiple SONs, one for each location from which PSI requests are submitted. It is recommended that a single point of contact at the NAVCRUITDIST track the SONs, preferably the respective department head. SONs can be requested or updated by submitting PIPS Form 12 for approval and endorsement to the NAVCRUITDISTs security manager. Once approved, the new SON will be provided to the requesting command. This form is available on the Recruiting Quarterdeck website.

c. A previously conducted, valid ANACI, PRI, or SSBI, that was completed within ten years of accession date may suffice for enlistment purposes. The SSBI must be used in lieu of a NACLC, if not it must be completed within five years of accession date. Prior non-military investigations shall be handled on a case by case basis, validity must be verified by contacting the DONCAF Navy Liaison office located at OPM, COM: (724) 738-0032 or (301) 833-3209. In these cases, individuals must have an SF-86 completed in NASIS. A signed hard copy of the SF-86 must be included in both the residual and service record.

d. All historical information (residence, education, and employment) request seven years of data. However, prior military, health, police, drug, alcohol, and financial information must be dated back since date of birth. If information exceeds the time frame for the required field on the NASIS, list the data in the continuation space of the applicant's NASIS record. Omissions may result in rejection of the PSI request. The Navy Liaison Office will submit the investigation to JPAS. If the submission is rejected, the Navy Liaison Office must investigate the error code, make the appropriate corrections, and resubmit the investigation.

e. The applicant must legibly sign and date all forms generated by the NASIS program. There are two ways to sign signature pages, the signature pages with routing number must be printed out and signed by applicant or the applicant can sign their name on the signature pad. Depending upon type of submission, either way is acceptable.

f. The PSI request can be submitted upon completion of the record in NASIS. However, signature pages should not be sent prior to receipt of the member's USMEPCOM Drug/Alcohol Test (DAT) results, HIV results, and completion of tech checks are received. For applicants processing outside of a MEPS or submissions submitted through signature pads, submit signature pages immediately upon DEP/DER.

g. Occasionally, a PSI submission in NASIS is unsuccessful and the MEPS is unable to produce signature pages for the applicant to sign while they are at MEPS. If this

should happen, an applicant may DEP without submission to JPAS. Once the problem with the PSI submission is resolved, print signature pages and submit in NASIS..

h. SF 86 and signature pages must be submitted on date of DEP enlistment. To ensure the SF 86, fingerprints, and signature pages have been transmitted, NAVCRUITDISTs must conduct JPAS or NASIS verification within 10 business days of submission and perform a pre-ship verification no later than 60 days prior to accession. If investigation has not been opened, contact the **e-QIP Rapid Response Team at (724)-794-5612 extension 4400, option 4.**

i. If a PSI has been requested but is no longer required as a result of applicant attrition or non-selection, the NAVCRUITDIST is responsible for canceling the PSI. Prior to requesting cancellation of a PSI, processing personnel should first check the status of the person's record in NASIS.

j. Navy Liaison offices will only process requests using the service code - NACL(08B). Therefore, commands are prohibited from contacting OPM and requesting an "Expedited" or "Priority" service investigation.

k. Special Agreement Check (SAC) fingerprints only.

(1) NAVCRUITDISTs shall obtain SAC fingerprint results (sometimes referred to as tech checks) for all personnel entering the DEP and must review and resolve any issues within 30 days of the individual's entry into the DEP. Fingerprint results that reflect unclassifiable must be redone. Any previously undisclosed issues must be resolved by submitting the appropriate waiver or by verifying results as erroneous with the appropriate local authorities. Once these issues are resolved, this information must be forwarded to OPM and SAC results must be retained in the residual record.

(2) Personnel processing through MEPS will have their fingerprints submitted electronically to OPM via Livescan. Personnel who do not process through MEPS, and whose fingerprints are not submitted to OPM via Livescan, shall be manually fingerprinted using the FD 258 or SF 87 fingerprint chart refer to section 010223 of this volume. Livescan fingerprints are only valid for 120 days from the completion of the SAC (not the date prints were taken). Investigations submitted with fingerprints over 120 days old are not valid and must be retransmitted by the MEPS. If the MEPS no longer has valid fingerprints on file, the applicant must return to MEPS to be re-fingerprinted via Livescan.

l. Tracking PSI requests.

(1) To gain access to JPAS, security managers or other designated JPAS account managers must complete the applicable sections of the **Personnel Security System Access Request (PSSAR) (DD Form 2962) and forward completed PSSAR to the NAVCRUITCOM security manager.**

(2) All other personnel should fill out the applicable sections of the PSSAR and forward the form to their NAVCRUITDIST's security manager or designated JPAS account manager.

(3) Any person attempting to gain access to JPAS must be eligible for a SECRET clearance based on a NACLC (or SSBI) investigation completed within the last ten years. If a service member has a secret clearance based on an ENAC, interim access to JPAS can be granted upon OPM accepting a NACLC investigation.

(4) NAVCRUITDIST Security Managers can also create individual JPAS accounts.

The NAVCRUITDIST CO must personally interview and determine member’s enlistment eligibility for Naval service after a full review of the member’s enlistment application (kit). For the NF Program, a Nuclear Field Type 2 Waiver is required for any “Yes” answer.

(2) Section IV. The recruiter completes this block only after applicant completes Items 1 through 7 and the date and signature block.
